

## Indiana Department of Education

---

Dear Parents/Families of Students with Disabilities,

The U.S. Department of Education requires the Indiana Department of Education's (IDOE's) Office of Special Education to monitor how effectively schools support parent involvement through the special education process. Our records indicate that you are the parent/family member of a student who received special education services during the 2022-2023 school year, and IDOE is asking for your participation in this important survey.

The survey is easy to complete and will take no more than a few minutes of your time. You will answer various items regarding your experience with school staff and the special education services your child has received. All survey responses are confidential, and no individual information is disclosed. Your responses will be combined with the responses from other parents in your school corporation, and a summary of the confidential results will be provided to the school corporation. If you have more than one child receiving special education services, you will be asked to complete one survey per child after the annual case conference.

Please complete the survey as soon as possible.

There are two options for responding to the survey:

1. **Online** – Complete the web-based version of the survey at:  
<https://form.jotform.com/221026358495963>.

If you do not have access to a computer or the internet, the school will help arrange access for you to complete the survey at the school.

2. **Paper/Phone**—To request a paper version, complete the survey by phone, or request an accommodation, contact:

Brandon Myers at [bmyers@doe.in.gov](mailto:bmyers@doe.in.gov) or 317-232-9144 or  
Michelle Oja at [moja@doe.in.gov](mailto:moja@doe.in.gov) or 317-232-9065.

IDOE will mail you the survey with a self-addressed stamped envelope for return.

If you have any questions, please reach out using the contact information below.

Thank you in advance for taking the time to complete the survey.
